The LTIP award for the CEO has also been increased from 200 percent of salary to the exceptional level of 300 percent of salary, 3) the EBITDA targets for the next two years would not be disclosed due to commercial sensitivity.

Rank Group Plc	17-Oct-19	Annual	2	Approve Remuneration Report	For	Against	Approve the Remuneration Report.  AGAINST the Remuneration Report, as we were concerned that performance criteria under the LTIP were insufficiently challenging – with threshold vesting at 50 percent, where we would expect no more than 25 percent of the total scheme awards should be received for median/index TSR threshold performance or for consensus forecast performance for any other measurable criteria. We were also concerned that no action had been taken by the Company in response to the considerable level of dissent received from independent shareholders (45 percent) on the remuneration policy in 2018.

City of London Investment Group Plc	21-Oct-19	Annual	3	Approve Remuneration Policy	For	Against	Approve the Remuneration Policy.  AGAINST the Remuneration Policy, as new Executives may receive a guaranteed bonus on appointment for the first 12 months of service not exceeding one year's salary, however, the Committee reserves the discretion to make a payment of up to 250 percent of salary, in exceptional circumstances. We were also concerned whether the Employee Incentive Plan would provide sufficient long term incentivisation for Executives given that matching awards were not subject to any performance conditions, with one-third of the awards capable of vesting annually. Further, no post-employment shareholding requirement has been put in place.

City of London Investment Group Plc	21-Oct-19	Annual	19	Amend Articles of Association	For	Against	Amend the Articles of Association.
							AGAINST an amendment to the Articles of Association, as we were concerned that the proposed change would remove the cap on the aggregate Directors' fee limit. While increases to the aggregate fee limit are generally considered to be a routine matter, there may be circumstances whereby shareholders would deem it appropriate to oppose an increase. While the Company argued that a cap would still operate by way of the remuneration policy, there was no certainty that such a cap would continue to feature in future remuneration policies in perpetuity. Changes to the articles must be approved by special resolution, requiring a 75 percent majority, whereas remuneration policies are structured as ordinary resolutions requiring a simple majority. The removal of the cap would eliminate an opportunity for shareholders to reflect specifically on the overall fee limit of the non-executive directors.

GrandVision NV	04-Nov-19	Special	2	Amend Remuneration Policy	For	Against	A vote AGAINST this item is warranted because:- The company proposes to increase the total remuneration package of executives (CEO by 39.3 percent at-target) while the current remuneration is at median of peers, without a compelling rationale for this substantial increase;- It is proposed to introduce change-of-control clauses that would grant retention bonus and a risk compensation fee fess to executives, whereas the company already announced a change-of-control and is therefore considered opportunistic, lacks a compelling rationale, and is in excess of market practice (EUR 5.6 million for the CEO).- It is proposed to introduce full-acceleration of vesting in case of a change-in-control which is not line with the shareholders' best interests.

Hays plc	13-Nov-19	Annual	1	Accept Financial Statements and Statutory Reports	For	For	
Hays plc	13-Nov-19	Annual	2	Approve Remuneration Report	For	Abstain	Approve the Remuneration Report.  We intended to vote AGAINST the Remuneration Report, as we were concerned that the EPS and cash conversion targets reward the Executive Directors twice for the same performance, and were a significant portion of the variable pay (80 percent) under both the PSP and annual bonus. Under the bonus framework, the targets and payouts for threshold and maximum performance had been disclosed, however there was no disclosure for on-target performance. When granting share-based awards, the Committee had not taken into account decline in the Company's share price, and for 2019/20 awards under the PSP, the EPS target range had been reduced without any corresponding reduction in awards. Existing Executive Directors continue to receive a salary supplement of 30 percent of basic salary in lieu of pension contributions. Although the pension contribution rate for new Executive Directors will be 15 percent of base salary, there was no commitment for existing Executives' contributions to be in line with the rest of the workforce. We will ABSTAIN as the company regards EPS and cash conversion as its key performance indicators and the reduction in EPS target reflected market expectations, whilst the previous level for share grants had been at high level for the share price in recent years and the level for the latest grant was

Kier Group Plc	15-Nov-19	Annual	2	Approve Remuneration Report	For	Against	Approve the Remuneration Report.  AGAINST the Remuneration Report, as we were concerned with the increase in the normal annual allocation of LTIP awards for the CEO from 150 to 175 percent of base salary, exceeding the normal limit set out in the policy without sufficient justification. We were also concerned that despite the Group's weak financial performance and steep fall in share price, the COO's LTIP awards had been maintained at 150 percent of base salary, resulting in a significant increase in the underlying number of shares awarded.

JD Wetherspoon Plc	21-Nov-19	Special	1	Approve Waiver of Rule 9 of the Takeover Code	For	Abstain	To approve the Rule 9 Waiver.
							ABSTAIN on a Rule 9 Waiver as the holding of Tim Martin and relatives (the concert party) could rise from 32.16 to 37.83 percent if they did not participate in the buy-back. Abstain rather than against, as this would not take their holding over the 50 percent threshold but due to creeping control concern.

Ferguson Plc	21-Nov-19	Annual	2	Approve Remuneration Report	For	Against	Approve the Remuneration Report.  AGAINST the Remuneration Report, as we were concerned with the increase in the 2019/20 LTIP award level for the new CEO and CFO from 300 and 240 percent of salary by 50 and 60 percent to 350 and 300 percent of salary respectively without sufficient justification and following large, above-inflationary increases to their base salaries. We were also concerned that bonus pay-outs under the financial performance measures paid out 80 percent of maximum for 2019, despite performance between threshold and on-target levels.

Ferguson Plc	21-Nov-19	Annual	3	Approve Remuneration Policy	For	Against	Approve the Remuneration Policy.  AGAINST the Remuneration Policy, as we were concerned with the substantial increase in the bonus and LTIP maximum limits for the CFO and CEO from 150 and 350 percent of salary to 200 and 500 percent of salary respectively without sufficient justification. Taking into account the demerger of Wolseley UK, which will decrease the size and complexity of the business, we would expect the increases to be taken into consideration at a later stage when the new Executives have had a chance to prove themselves in their new roles. We were also concerned that the Committee has not introduced a post-employment shareholding guideline.
